General Information

Summary

X100-27: This Technical Bulletin has been issued to inform the Dealer Network that a new front road spring/damper compressor tool (204-476) will be supplied with S-TYPE 2002 tool kits.

Action

The new front road spring/damper compressor tool (204-476) **must be used** when compressing the front road spring/damper assemblies on **all** supercharged vehicles in place of the current road spring compressor (204-112). The top plate of the new front road spring compressor was designed to mate with all current XK, V8 XJ, S-TYPE and X-TYPE vehicles, and S-TYPE rear road springs.

Note: New front road spring/damper compressor tool (204-476). (See Fig. 1)
