960 – Repair Operation Times

ISSUE: X960-14 - NEW REPAIR OPERATION TIMES

Jaguar's Repair Operation Times (ROT's) have changed from two-decimal-place times to single-decimal-place times. E.g. 00.00 is replaced by 00.0.

The following is a list of TSBs issued over the past three years that are affected by this change. The list shows the TSB number, SRO code, the old time, the new time, and the warranty code.

Bulletin Ref	SRO	Old Time	New Time	Warranty Code
